SAVOY BILL PROVES
ONE OF MOST POPULAR

This week's bill at the Savoy has
proven immensely popular, owing
somewhat to the addition of new fea-
tures to the program, as well as to the
unusual quality of the moving-picture
films. The Pathe Freres film, show-
ing French cavalry officers in amu-
sing tests of horsemanship, is respon-
sible for the increased popularity of
the performances. The film is in
color tones, which heighten the ef-
fect on the canvas.

The same program will be given
tonight, and tomorrow there will be
another change of bill.

On Saturday the Wilson Sisters,
the Musical Oldfields and Countess de
Pomme return from Hilo, where they
have played a two weeks' engage-
ment, and some of them may re-
appear on the Savoy stage Saturday
night.

Manager Scully, who has leased the
Empire Theater, and is remodeling it
throughout, will reopen that popular
playhouse on Monday evening next,
and will then introduce a vaudeville
company to arrive that day from San
Francisco on the Manchuria. These
players are coming in response to a
telegram. The remodeled playhouse
will boast of a very large stage, with
a wide proscenium, and an orchestra
pit. The gallery will be much larger
owing to the removal of the moving-
picture cabinet, which will be placed
in the room over the ticket office,
thus affording much desired space in
the reserved-seat section.

REALTY TO SELL
ON SAME BASIS

No advance in the rates of commis-
sion will be made by the newly-organ-
ized Honolulu Realty Association,
which is made up of most of the real
estate men of this city. A report that
commission rates on real estate sales
would be raised is denied, and in sup-
port of the denial it is stated that the
five per cent rate fixed by the asso-
ciation last night is the regular com-
mission customary here.

The Realty Association held its first
organized meeting last night, adopted
a constitution and by-laws and named
a board of governors, who will in
turn select the permanent officers.
The board of governors is made up
of Irwin H. Beadle, of the Trust
Company, R. R. Redford, of Lishop
Trust Company, F. E. Steere, of Wa-
terhouse Trust Company, J. E. O'Con-
nor, of the Hawaiian Trust Company,
and E. L. Schwartzberg, of Jas. F.
Morgan & Co. Representing as it
does the old-established and highly in-
fluential firms, the first board of gov-
ernors will start the Realty Associa-
tion under most favorable auspices.

The real estate men indulged in
considerable argument over the rates
of commission. It was proposed to
charge five per cent on all amounts
of \$10,000 and under and two and
a half per cent on all amounts over
\$10,000, but finally it was decided to
make the commission five per cent
straight.

The new rules provide for a board
of arbitration and a board of apprais-
ment, which, it is believed, will be
of great value in settling disputes
over real estate out of court and in
establishing a standard of real estate
values in the city and suburbs. Other
matters of interest to real estate
men were talked over.
